French Home Loan Business

Overview of the French home loan market

- The production of French home loans picked up in 2010 due to the combination of low interest rates and a stabilisation in financial conditions for home buyers
 - The French housing market is characterized by inadequate growth in supply relative to growth in the number of households
 - France is one of the countries with the lowest home ownership in the European Union with around 58% of households owning their primary residence, allowing for sustainable growth in the home loan market
 - In addition, tax advantages and government initiatives (zero-rate loans for buyers) of the administration are promoting further home purchases in France
- After the very sharp rebound of the years 2009-2011 the market has started to decline slightly

Home loan guarantees

- The French home loan market consists primarily of guaranteed home loans and traditional mortgages
- Home loans guaranteed by credit guarantee agencies have become an important part of the French financial system
- Credit guarantee agencies are licensed and regulated by the French banking regulator
- Guarantors provide a full recovery service to lenders
 - Indemnification within one month after three consecutive non payments on a guaranteed loan
 - Recovery process fully managed by the guarantor
 - Lending banks recover 100% of the home loan plus all costs and expenses
- Over 65% of BNP Paribas's total home loan portfolio consists of home loans guaranteed by Crédit Logement
- Crédit Logement is the market leader for residential home loan guarantees
 - Owned by all the major French banks
 - Good credit ratings (Aa3 by Moody's and A+ by S&P)
 - Ultimate support by the French banking system

Hedging strategy

- Before a default event, the Issuer is not exposed to any risk of an interest or currency rate mismatch arising between the payments received on the Borrower Advances and the payments to be made under the Covered Bonds
- All swap agreements are concluded by the Issuer with BNP Paribas SA (Issuer Hedging Agreements) to hedge any currency and interest rate mismatch between the Covered Bonds and the Cover Pool
 - All swap agreements are compliant with the most recent counterparty criteria from the rating agencies
 - The Issuer Hedging Agreements benefit from the legal privilege
 - The Borrower Hedging Agreements do not benefit from the legal privilege and the Borrower Hedging Agreements will be terminated upon default by BNP Paribas without termination payments
- Upon the occurrence of a Borrower Event of Default, and the subsequent transfer in favour of the Issuer of title to the Home Loans, the Issuer will
 - Maintain its rights and obligations under the existing Issuer Hedging Agreements
 - Terminate immediately the Borrower Hedging Agreements
