## PART B – OTHER INFORMATION

### 1. Listing and Admission to trading

- (i) Listing and admission to trading: Application has been made by the Issuer (or on its behalf) for the Notes to be admitted to trading on Euronext Paris with effect from 17 April 2018.
- (ii) Estimate of total expenses related to admission to trading: EUR 9,900 including AMF fees

### 2. Ratings

Ratings:

The Notes to be issued are expected to be rated Baa1 by Moody's Investors Service Ltd. ("**Moody's**"), A- by S&P Global Ratings, acting through Standard & Poor's Credit Market Services France SAS ("**S&P**"), A+ by Fitch France S.A.S. ("**Fitch France**") and A (High) by DBRS Ratings Limited ("**DBRS Limited**").

Obligations rated Baa by Moody's are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category.

As defined by S&P, an A- rating means that the Issuer's capacity to meet its financial commitment under the Notes is still strong. The minus (-) sign shows the relative standing within the rating category.

As defined by Fitch France an A+ rating denotes a very low expectation of credit risk. It indicates a very strong capacity for timely payment of financial commitments. Such capacity is not significantly vulnerable to foreseeable events.

As defined by DBRS Limited, an A rating means that the Issuer's capacity for the payment of financial obligations is considered substantial. Such capacity may be vulnerable to future events, but qualifying negative factors are considered manageable.

Each of Moody's, S&P, Fitch France and DBRS Limited is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended).

### 3. **Interests of Natural and Legal Persons Involved in the Issue**

Save for any fees payable to the Managers, so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer.

### 4. **Reasons for the Offer**

Reasons for the offer:

The net proceeds of the issue of the Notes will be allocated or reallocated from time to time to the financing and/or refinancing, in whole or in part, of Eligible Green Assets as defined below and further described in the BNP Paribas Green Bond Framework dated 12/01/2018 available on <https://invest.bnpparibas.com/en/green-bond-issues>, as may be amended from time to time by the Issuer (the "**BNP Paribas Green Bond Framework**").

Pending the allocation or reallocation, as the case may be, of the net proceeds of the Notes to Eligible Green Assets, the Issuer will invest the balance of the net proceeds, at its own discretion, in cash and/or cash equivalent and/or other liquid marketable instruments. The Issuer will use its best efforts to substitute any redeemed loans, any other form of financing that is no longer financed or refinanced by the net proceeds, and/or any such loans or any other form of financing which cease to be Eligible Green Assets, as soon as practicable once an appropriate substitution option has been identified. The Issuer will monitor the use of the net proceeds of the Notes via its internal information systems.

For the avoidance of doubt, payment of principal and interest in respect of the Notes will be made from general funds of the Issuer and will not be directly or indirectly linked to the performance of Eligible Green Assets.

**"Eligible Green Assets"** means any existing, ongoing and/or future loans or any other form of financing from Eligible Sectors selected by the Issuer, which meet the Eligibility Criteria, all in accordance with the BNP Paribas Green Bond Framework.

Eligible Sectors means the following sectors (all as more fully described in the BNP Paribas Green Bond Framework):

- Renewable Energies
- Energy Efficiency
- Mass and Public Transportation
- Water Management and Water Treatment
- Recycling

For the avoidance of doubt, the following sectors are excluded from the BNP Paribas Green Bond Framework: defence and security, palm oil, wood pulp, nuclear power generation, coal-fired power generation, unconventional oil and gas, mining and tobacco.

**"Eligibility Criteria"** means the criteria with which any loan or any other form of financing should comply, at any time, in order to be considered as an Eligible Green Asset (as such criteria may be amended, from time to time, by the Issuer, subject to external review by third parties, as the case may be, as per the BNP Paribas Green Bond Framework). As part of the application of the Eligibility Criteria, the Issuer will assess the potential environmental, social and governance risks of the relevant assets, in line with its framework for managing such risks, including specific risk assessment tools and the Equator Principles. The selection of the Eligible Green Assets in accordance with the Eligibility Criteria will then be verified by external third parties, as per the BNP Paribas Green Bond Framework.

As long as any Notes are outstanding, the Issuer is expected to provide a report, at least annually, on (i) the Eligible Green Assets financed or refinanced by the net proceeds and their relevant environmental impact indicators, (ii) the allocation of the net proceeds of the Notes to Eligible Green Assets detailing the aggregate amount dedicated to each of the Eligible Sectors and (iii) the balance of unallocated cash and/or cash equivalent and/or other liquid marketable instruments still held by the Issuer, as further described in the BNP Paribas Green Bond Framework. The report will be published by the Issuer on <https://invest.bnpparibas.com/en/green-bond-issues>.

Pursuant to the BNP Paribas Green Bond Framework, a second party opinion has been obtained from an appropriate second party opinion provider and the Issuer has mandated an appropriate external independent auditor to provide an assurance report. The opinion and assurance report are available on <https://invest.bnpparibas.com/en/green-bond-issues>.

**5. Yield**

Indication of yield: 1.066 per cent. *per annum*

The yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication of future yield.

Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.
- (vii) Name and address of Registration Agent: Not applicable
