BNP PARIBAS

The bank for a changing world

SUSTAINABILITY FULLY EMBEDDED
WITHIN THE GROUP STRATEGY

BNP Paribas' strategic plan: Growth, Technology, Sustainability (GTS)

Deployment at scale: three levers to implement the Sustainability strategy

Engaging with clients to accompany them in the transition towards a sustainable and low-carbon economy

Aligning our portfolios with our net-zero commitment

Strengthening our sustainability culture and expertise, steering tools, processes & set-ups

- **Mobilisation of the integrated model and all business lines** in support of clients
- **Low-Carbon Transition Group**, an ecosystem of more than 250 bankers dedicated to supporting clients in accelerating their low-carbon transition
- **Low-Carbon Transition for SMEs & MidCaps** initiative

- **CO₂ emissions reduction trajectory for the credit portfolio** in the most emitting sectors of activity

- **Strengthened governance** directly supervised by the CEO
- **Accelerated industrialisation** with ESG steering tools and processes
- Sustainable finance trainings thanks to the **Sustainability Academy**

The strategic plan's Sustainability pillar is implemented across **FIVE PRIORITY THEMES**

Transition towards carbon neutrality
Natural capital and biodiversity
Circular economy
Sustainable savings, investments and financing
Social inclusion

→ To follow the implementation of the sustainability strategy, **the Group implemented a Group CSR Dashboard with 10 indicators**. It is published annually.

ENGAGING WITH CLIENTS TO
ACCOMPANY THEM IN THE TRANSITION
TOWARDS A SUSTAINABLE AND
LOW-CARBON ECONOMY

A long-standing commitment and concrete actions for the energy transition

The 'ESG Assessment' tool to assess and monitor the ESG profile of clients

Developed for companies and financial institutions, it provides since 2021:

- a more systematic and comprehensive review of ESG topics throughout the credit chain (onboarding, grant of a credit, monitoring, reporting);
- an overview of the client's ESG profile.

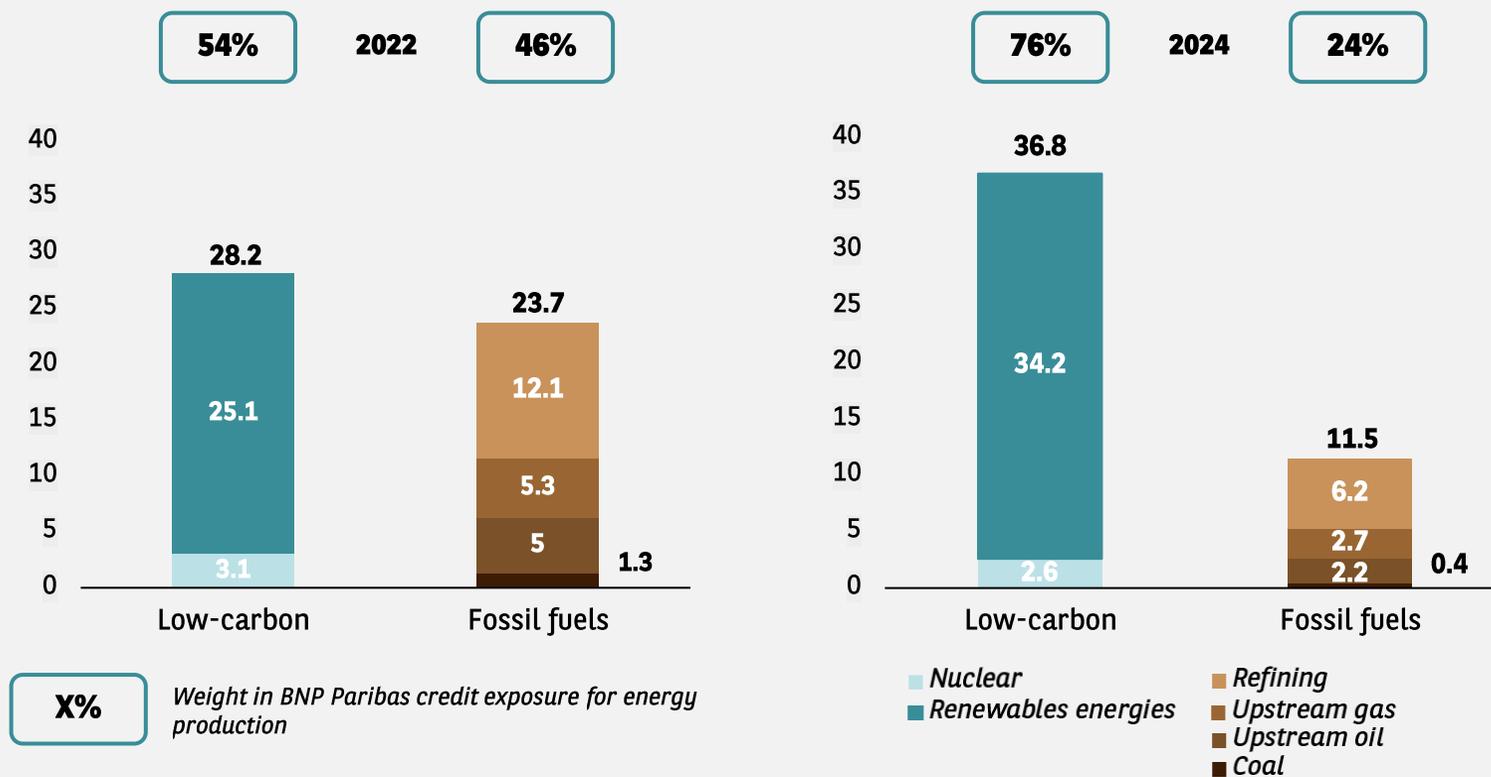

Initially launched on the large corporate segment, the ESG assessment framework was **extended in 2024** to relevant medium-sized corporate clients (companies with a turnover higher than EUR 50 million, selected on risk-based criteria) and to financial institutions with tailored questionnaires.

Accelerating in financing low-carbon energy and phasing out of fossil-fuel exploration and production

€179Bn dedicated to the transition of clients to a low-carbon economy since 2022 (target of €200Bn by 2025)¹

BNP Paribas ratio of EUR 2.27² in low-carbon energy financing for each euro in fossil fuel financing, above the sector average at 0.89

Exposure: credit facilities + contingent liabilities + securities on balance sheet, in billions of euros, at 30 September 2022 and 30 September 2024.

1. Cumulative at year end amount of support between 1 January 2022 and 31 December 2024 identified as contributing to the transition towards a low-carbon economy, based on an internal classification system. This amount includes sustainable loans and bonds, as well as financial support provided in some cases in the form of private issues, financial advice and introductory public offerings;

- The European player ForFarmers, with production activities in the Netherlands (head office), Germany, Poland and the United Kingdom, has signed a new credit facility linked to **sustainability indicators**.
- The interest rate on this credit facility is linked to sustainability indicators including **reducing CO2 emissions** and increasing the use of **circular raw materials**.

WIND ENERGY PROJECT FINANCING

Equinor and Polenergia reach financial close for each of the Baltyk 2 and Baltyk 3 projects | *Mandated Lead Arranger*

- BNP Paribas supports project financing of **EUR 3 billion** each for Baltyk 2 and Baltyk 3 offshore wind projects which will play a critical role in Poland's energy transition by powering up to 2 million households.
- This marks the largest project finance transaction in Polish energy sector of total value exceeding **EUR 6 billion**.

MOBILITY SUSTAINABILITY-LINKED LOAN

Keolis refinances **EUR 700 million** with an ESG-linked loan | *Sustainability Coordinator*

- Financing part of French Keolis' debt with a new syndicated loan of **EUR 700 million** linked to ESG indicators.
- This new financing facility is based on three key non-financial performance indicators aligned with Keolis' strategic priorities: **Diversity, Climate and Health & Safety**.

Supporting individual clients in their ecological transition

ENERGY RENOVATION OF HOUSING

Within the Commercial, Personal Banking & Services (CPBS) division, the **My Sustainable Home** initiative structures the approach of commercial banks in Europe around four main levers:

- **raising awareness** and advise customers on the production and collection of energy performance certificates (EPC), especially through a mandatory collection when granting new mortgages
- **promoting the purchase of energy-efficient housing**, thanks to attractive financing conditions
- meeting the energy renovation needs of existing buildings, **via loans at subsidised rates or backed by public incentives**
- **developing extra-financial services through partnerships** to support customers' home energy journey from start to finish.

MOBILITY

Created at the end of 2022, the initiative and associated-brand **BNP Paribas Mobility** bring together all the Group's business lines involved in the mobility ecosystem to support individual customers in their mobility needs with a wide range of offers:

- **adapted financing**, through commercial banks, Arval and BNP Paribas Personal Finance
- **vehicles**, with Arval and BNP Paribas Personal Finance, providing a large catalogue with new, recent, or second-hand references
- **personalised services** (insurance, maintenance, assistance and advisory), with BNP Paribas Cardif and Arval
- **car alternatives** with car pooling, bicycles long-term hire and the Arval Mobility Pass, aimed at employees.

 BNP Paribas targets to support **400,000 energy-efficient home renovations in Europe by the end of 2026** through its commercial banks and specialized businesses.

 Arval has set itself the goal of achieving **400,000 battery electric vehicles leased globally at the end of 2026**.

EUR 10 billion

BNP Paribas Personal Finance's total outstanding amount in sustainable finance at the end of 2024, including EUR 4.2 billion for the energy transition for housing and EUR 5.8 billion for clean transportation.

Impact Financing and Investing

Act for impact

In 2014, the Group launched the "Act For Impact" programme to support impact entrepreneurs.

These entrepreneurs have access to **dedicated advisors, financial or non-banking products and services adapted to their specific needs**, and a network of key partners to support them in their development.

At the end of 2024, **support for 3,119 impact enterprises** (including Microfinance Institutions), **exceeded EUR 2 billion**.

In France, Act For Impact benefited 2,323 social enterprises for a total of EUR 1.2 billion in financing.

Impact Bonds

The impact bond is a financing tool that is based on a unique **collaboration model between the public and private sectors and the social and solidarity economy**. It makes it possible to bring out positive solutions for society or the environment that promote innovation in public policies with avoided costs for the community.

At the end of 2024, **28 impact bonds** supported by BNP Paribas (either as structurer or investor) had been signed representing more than **EUR 92,5 million in total**.

Social Inclusion via Financial Inclusion

Microfinance

BNP Paribas has supported microfinance **for more than 35 years**.

At the end of 2024, BNP Paribas' direct support for microfinance reached **EUR 468.8 million in loans and investments to 22 MFIs in 13 countries**.

At the end of September 2024, this represents more than **660,000 active beneficiaries** (of the MFI partners) indirectly supported by BNP Paribas.

Nickel proposes to open **an account with an IBAN and an unconditional payment card**.

It allows everyone, including those who have been banned from banking, to pay and be paid.

French Nickel's inclusive offer has been launched in Spain (2021), Belgium, Portugal (2022) and Germany (2023).

At the end of 2024, **4,3 million Nickel accounts** had been opened.

BNP Paribas objective is to reach **6 million beneficiaries from products and services supporting financial inclusion in 2025**.
