## **BNP PARIBAS' STRENGTH CONFIRMED BY THE RESULTS OF THE EU-WIDE STRESS TEST**

On 2 November 2018 the European Banking Authority (EBA) published the results of the EU-wide Stress Test carried out jointly with the European Central Bank (ECB). This exercise covered the 48 most important banks of the European Union.

The stress test results demonstrate BNP Paribas' capacity to withstand a scenario of major stress based on extremely severe assumptions of economic and market evolutions.

The results of this thorough exercise conducted by EBA and ECB confirm the Group's balance sheet strength and the quality of its risk policy.
