

DEBT INVESTORS PRESENTATION

FIRST QUARTER 2026

JUNE 2026

BNP PARIBAS

The bank for a changing world

DISCLAIMER

The figures included in this presentation are unaudited.

As a reminder, on 16 March 2026, BNP Paribas published quarterly series for 2025, restated to reflect, among other things, the reorganization of Global Capital Markets within CIB, the evolution of the sharing agreement between Wealth Management and CPBS, the transfer of 50% of Kantox from New Digital Businesses to Global Markets and the evolution of the main components of IPS and central costs allocation following the integration of AXA IM and into Asset Management.

This presentation includes forward-looking statements based on current beliefs and expectations about future events. Forward-looking statements include financial projections and estimates and their underlying assumptions, statements regarding plans, objectives and expectations with respect to future events, operations, products and services, and statements regarding future performance and synergies. Forward-looking statements are not guarantees of future performance and are subject to inherent risks, uncertainties and assumptions about BNP Paribas and its subsidiaries and investments, developments of BNP Paribas and its subsidiaries, banking industry trends, future capital expenditures and acquisitions, changes in economic conditions globally, or in BNP Paribas' principal local markets, the competitive market and regulatory factors. Those events are uncertain; their outcome may differ from current expectations which may in turn significantly affect expected results. Actual results may differ materially from those projected or implied in these forward-looking statements. Any forward-looking statement contained in this presentation speaks as of the date of this presentation.

Consequently, actual results may differ from those projected or implied in these forward-looking statements due to a variety of factors. These factors include among others: i) BNP Paribas's ability to achieve its objectives, ii) the impacts from central bank interest rate policies, whether due to continued elevated interest rates or potential significant reductions in interest rates, iii) changes (including interpretation) in regulatory capital and liquidity rules, iv) continued elevated levels of, or any resurgence in, inflation and its impacts, v) the various geopolitical uncertainties and impacts related notably to the war in Ukraine, conflicts in the Middle East, vi) the various uncertainties and impacts related to political instability, including in France, or vii) the precautionary statements included in this presentation.

BNP Paribas undertakes no obligation to publicly revise or update any forward-looking statements in light of new information or future events. It should be recalled in this regard that the Supervisory Review and Evaluation Process is carried out each year by the European Central Bank, which can modify each year its capital adequacy ratio requirements for BNP Paribas.

The information contained in this presentation as it relates to parties other than BNP Paribas or derived from external sources has not been independently verified and no representation or warranty expressed or implied is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or opinions contained herein. Neither BNP Paribas nor its representatives shall have any liability whatsoever in negligence or otherwise for any loss however arising from any use of this presentation or its contents or otherwise arising in connection with this presentation or any other information or material discussed.

The sum of values contained in the tables and analyses may differ slightly from the total reported due to rounding. The alternative performance measures are defined in the press release published jointly with this presentation.

A BUSINESS MODEL WELL DIVERSIFIED BY COUNTRY AND BUSINESS

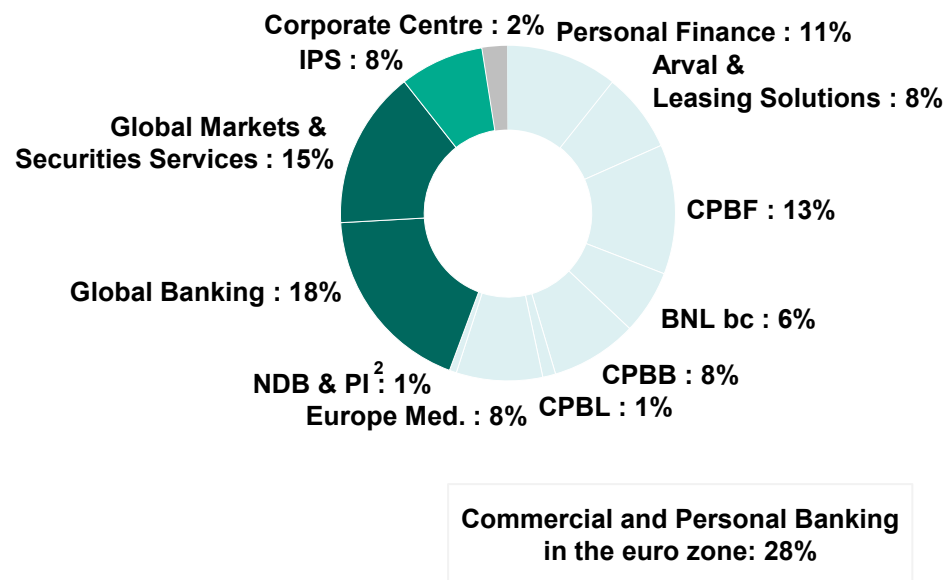

No country, business or industry concentration

Gross Commitments¹ by region as at 31.12.25

>90% in wealthy markets

Breakdown of RWA by business based on €784bn as at 31.03.26

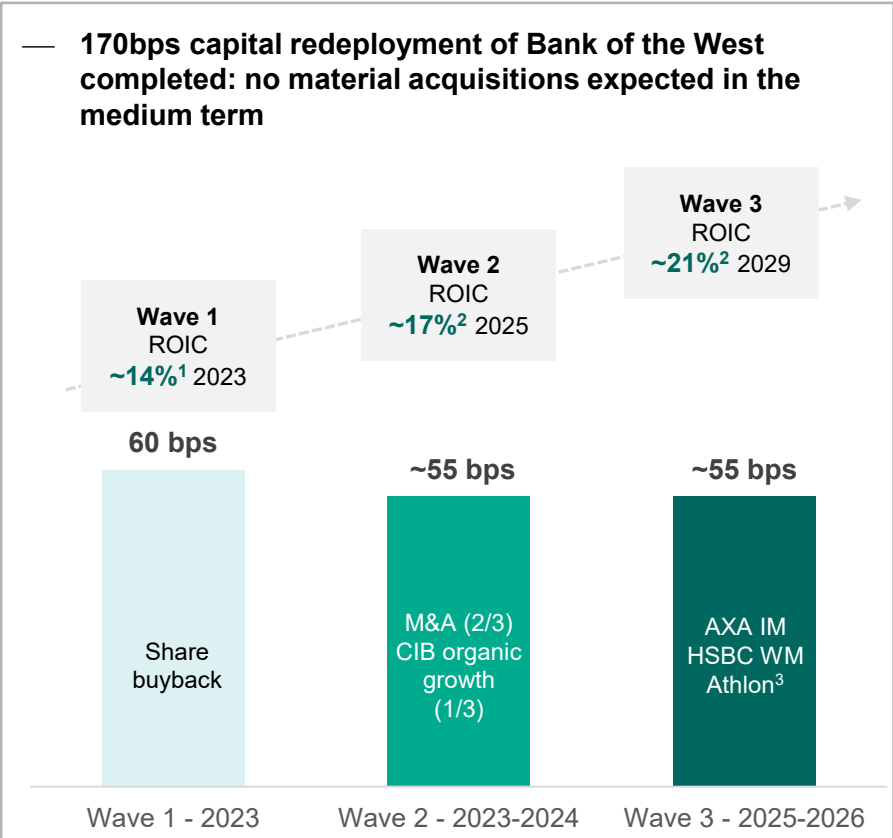

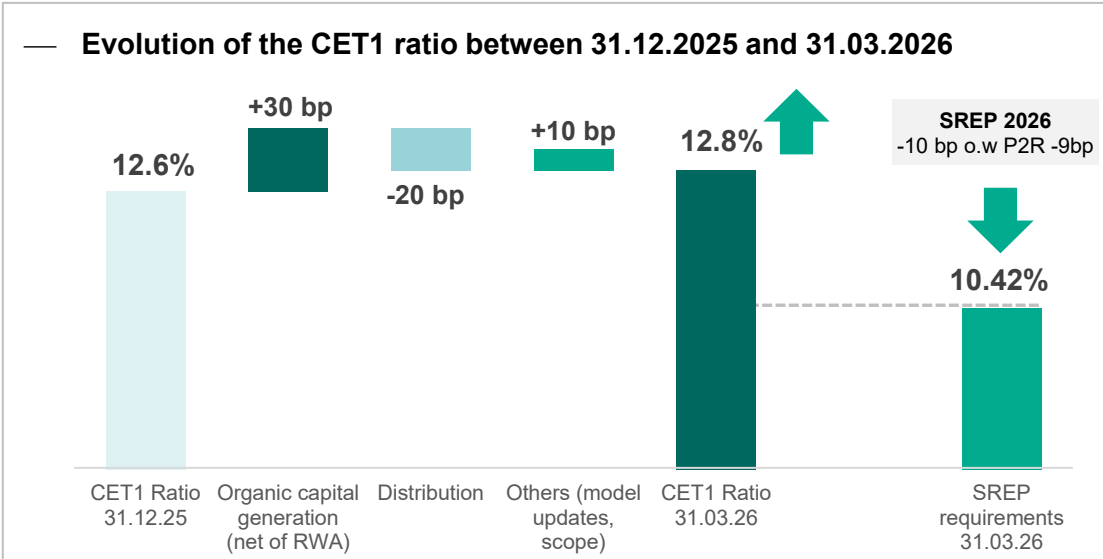

- A balanced business model: a clear competitive advantage in terms of revenues & risk diversification
- An integrated business model fuelled by cooperation between Group Businesses
- Strong resilience in changing environment

1. Total gross commitments, on and off-balance sheet, unweighted of €2,031bn as at 31.12.25; 2. Including transitional arrangements allowed in Art. 465/495/500 of the CRR (2024/1623); 3. New Digital Businesses & Personal Investors

CAPITAL | We continue to build towards 13% CET1 ratio

LCR 31.03.26 **125%** Leverage 31.03.26 **4.4%**

CET1 ratio (post-FRTB) end 2027 and 2028 **13%**

— A capital trajectory combining disciplined growth and shareholder return

- Accelerated organic capital generation, thanks to a higher net income
- Divestment cycle to generate **+30-50 bps** (13 bps net announced so far)
- Sale of **BMCi** and acquisition of **Athlon**: progressing as planned. Neutral impact on capital but **~+€170m** on net earnings expected after synergies
- Disciplined organic RWA growth (**~+2%** assumption), after optimisation
- Re-regulation cycle ending with FRTB, weighing less on RWA trajectory
- Payout: **60%** in 2026, minimum 60% beyond 2026.

- The capital was redeployed in **3 waves** with **increasing ROIC**
- **Wave 1** (35%) for immediate shareholder return
- **Waves 2 and 3** (65%) dedicated to CIB organic growth (11%) and targeted acquisitions (~54%) to position the Group for the next cycle of growth

LIQUIDITY | A diversified base of deposits and disciplined, prudent and proactive management

— **Base of deposits supported by the Group’s diversification, its long-term approach to clients, and its leading positions in flows**

- **Deposits diversified by geographies, entities and currencies:** CPBF (23%), CPBB (16%), other Commercial and Personal Banking (20%), Global Banking (24%), Securities Services (12%) and IPS (5%)
- **Deposits diversified by client segment:** 44% from retail deposits, of which ~2/3 insured; 44% from corporates, of which 19% operational; and 12% from financial clients¹, of which 83% operational

— **Disciplined, prudent and proactive management**

- **Measures and monitoring done at various levels** (consolidated, sub-consolidated and by entity): by currencies, on horizons from 1 day to +20 years; using internal and regulatory metrics; and based on normal and stressed conditions
- **Indicators integrated into the operating management of business lines** (budgetary process, customer follow-up, origination, pricing, etc.)

— **High level of high-quality liquid assets (HQLA) (€359bn as of 31.03.26)**

- Of which 47% in deposits at central banks; and
- 53% in mostly “level 1” debt securities

— **Breakdown of deposits by geography as of 31.03.26**

— **Change in immediately available liquidity reserve²**

1. Excluding non-operational deposits under one month; 2. Liquid market assets or eligible assets in central banks (counterbalancing capacity), taking into account prudential standards, notably US standards, minus intra-day payment system needs

COST OF RISK | Cost of risk in line with our trajectory

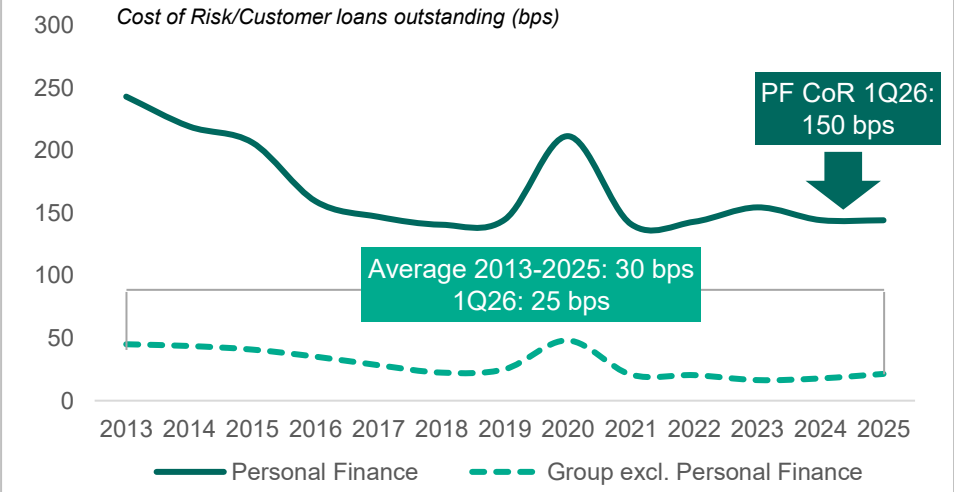

Cost of Risk 2026e <40 bps

At 39 bps, cost of risk is in line with our 2024-2026 trajectory

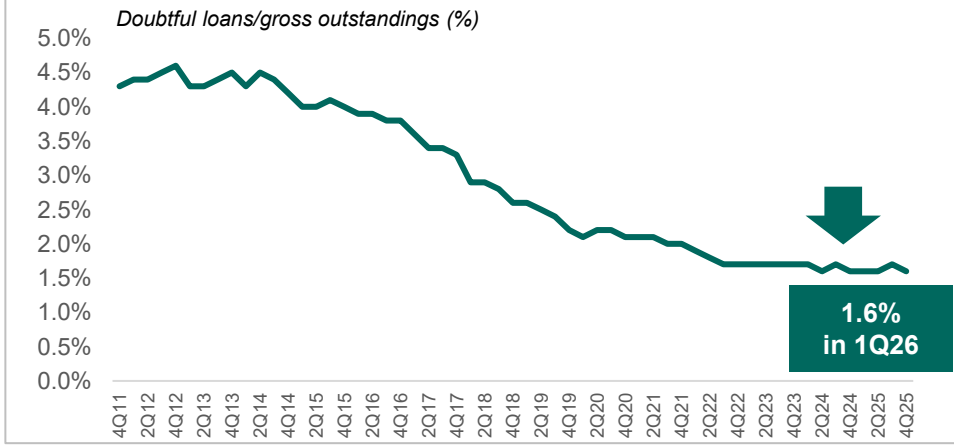

Cost of risk / customer loans outstanding	39 bps	Stage 3 ¹ provisions	€13.6bn
Doubtful loans / gross outstandings ²	1.6%	Non-performing loans ³	€20.2bn
Stock of provisions	€18.4bn	Stage 3 coverage rate	67.1%

In 1Q26, the increase in the cost of risk is primarily driven by Stage 3 provisions. Stages 1/2 provisions remain stable, with forward-looking provisions related to the geopolitical environment broadly offset by releases

Our cost of risk tends to evolve in a low and narrow range across the cycle

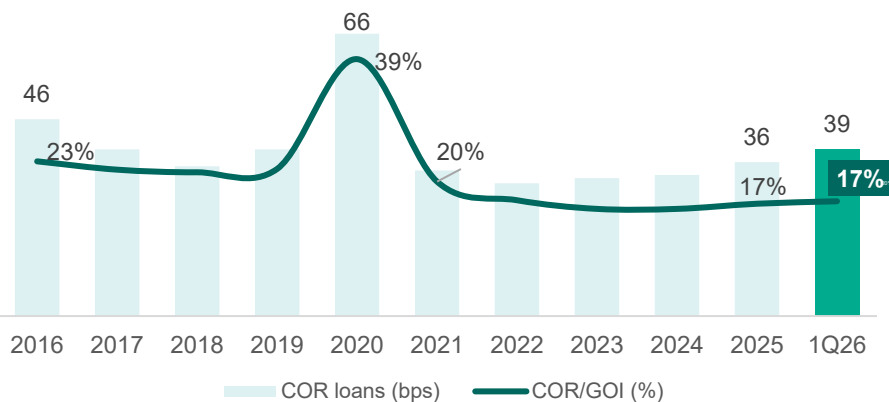

Ratio of doubtful loans to gross outstandings is low and has been in steady decline over a long period

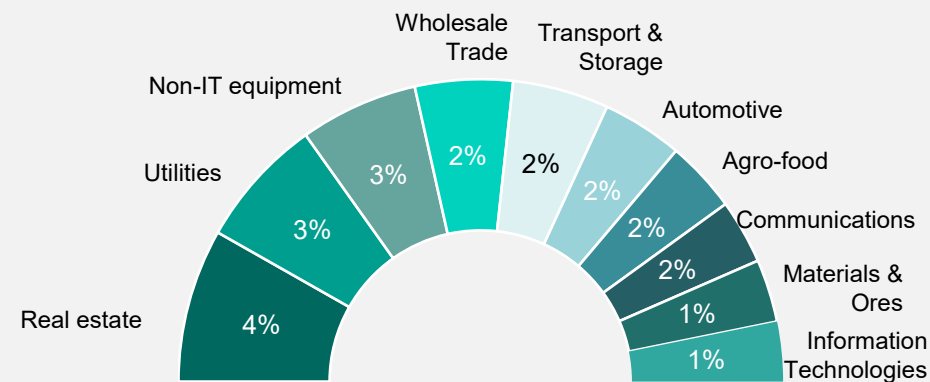

COST OF RISK | A culture of strong risk management has been proven over time

Prudent risk management through the cycle

Cost of risk/ GOI (%) and bps of loans

Cost of risk remains well managed, underpinned by diversification and quality of our credit portfolio

Our CIB division combines growth and cycle-proof resilience with a unique franchise (revenues in €m)

Global Banking

- Solid underlying commercial momentum, despite impact from lower interest rates and a high base effect; activity delayed in March in the context of the geopolitical situation
- Market position remains exceptionally strong, with robust market shares and league-table rankings, maintaining the #1 position in EMEA¹ Investment Banking among European banks, with a 5.1%¹ market share
- Transaction Banking delivered strong business performance throughout the quarter despite the YoY impact of lower rates, highlighting the resilience and depth of the franchise

Global Markets

- **FICC:** particularly strong increase in commodities and FX activities. Less favourable Rates activities. Primary activities impacted by market uncertainties.
- **Equity & Prime Services:** very strong performance with sustained commercial activity in all segments

Securities Services

- High level of settled transactions and cash deposits, strong Market Financing Solutions and business drive supported by new mandates

— Insurance

- Double-digit revenue growth driven by strong savings inflows in France and Italy (via BCC Vita), a high unit-linked mix, and the revaluation of a financial stake (~€40m)
- Protection premiums continue to grow steadily across CPI and casualty, underpinned by good business momentum and strategic partnerships

— Asset Management

- Revenues more than doubled, reflecting the integration of AXA IM, progressing rapidly as outlined at the Deep Dive. Commercial momentum remains strong, with significant net inflows (€15.7bn in 1Q26).
- Strengthened governance framework
- Issuance of a tokenised share class of an existing French-domiciled money market fund

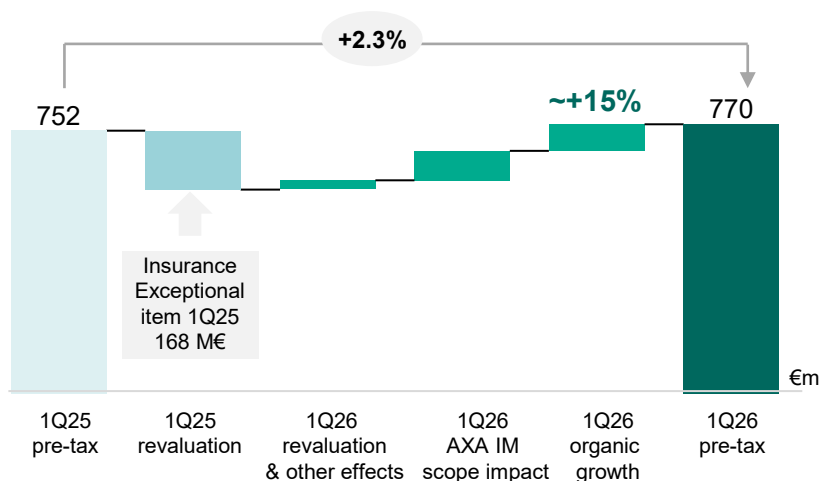

— Wealth Management

- Pre-tax income increased solidly, supported by positive net inflows, resilient AuM levels and sustained transactional activity, reflecting high client engagement in a volatile market environment

— Real Estate

- Implementation of the refocused strategy and deployment of a restructuring plan. Activity affected by market uncertainty amid the Middle East crisis

— Strong organic growth in profitability: ~+15% pre-tax income organic growth
