## 412-A | EXECUTIVE STAFF SUBJECT TO AN ANNUAL WORKING DAYS AGREEMENT

Under the terms of the company-wide agreement dated July 20,2000 on the reorganization and reduction of working time, the annual working days system concerns the following category of employees: "executive staff whose working hours cannot be pre-determined owing to the nature of their activities, the responsibilities entrusted to them and the degree of autonomy they have in organizing their time. They occupy a position whose main goal is to lead and guide a team, or whose objective requires great skill in project management."

The company-wide agreement dated July 20, 2000, as amended, provides for two annual working day systems:

- The mandatory system whose details are laid out in the agreement dated July 20, 2000,
- The optional system whose principles are defined in the company-wide agreement dated December 1, 2006 which amends the previous agreement dated July 20, 2000. This annual working day system may be chosen freely by the individual employee.

## 412-B | MONITORING THE WORKLOAD OF EXECUTIVE STAFF EMPLOYED ON AN ANNUAL WORKING DAYS BASIS

The organization of the work of an executive is monitored by his or her manager. As such, the company-wide agreement dated July 20, 2000 on the reorganization and reduction of working time provides for the following: "All executives employed on an annual working days basis are informed of the way the organization of their work, the length of their working days and their consequent workload are monitored. A review of their work is carried out at their first professional assessment following the signature of the agreement."
This process is subsequently repeated every year. The BNP Paribas S.A. company-wide agreement dated December 1, 2006 which amends the previous agreement dated July 20, 2000 also provides that "the status of executive employed on an annual working days basis must not lead to an increase in the workload of the executive concerned under conditions inappropriate to the organization of his or her working time."

## 415-C \| EXISTENCE OF DIFFERENT WAYS OF ORGANIZING WORK

## Existence of different ways of organizing work to facilitate the relationship between employees' family and professional lives:

- Part time: the principal solutions offered are 50\%, 60\%, 80\% and 90\% of full-time employment. The organization of the working hours can be on a daily, weekly or annual basis.
- Flexible working hours: flexible working hours enable employees to manage their time in a way that strikes a better balance between their professional duties and private lives. This is achieved by allowing employees subject to collective work schedules to choose when they begin and when they end their working day provided, however, they respect a core period when they must be present at work. Compensatory time credit may also be provided for later use during the calendar year in question.
- Flexitime: all employees on unlimited-term contracts may benefit from variable work schedules that allow employees to take unpaid leave.
- The right to take leave of absence to take care of a sick child: authorization to take paid leave in the event of illness affecting one or several children is granted to the mother or father. BNP Paribas grants 3 additional days to the 3 days per sliding 12-month period allowed by the Collective Agreement governing the banking industry, and extends the age of the child (or children) from 14 to 15 years. Also availability also of a free allocation of days for employees whose spouse or child is ill.

## Local services:

- Contribution of the company to the cost of childminding facilities for infants: the maximum daily allowance for childminding fees that may be granted for all children up to the age of 10 , is $5.30 €$.
- Family tax credit: the expenses incurred by the company are well above the ceiling for tax deductions.
