Internships provide interns with crucial experience allowing them to gain an understanding of the business world by working directly in a team. BNP Paribas strives to offer each intern real experience that enables them to train, acquire knowledge or business skills, take part in operational assignments related to the degree or diploma for which they are studying, while remaining under supervision.

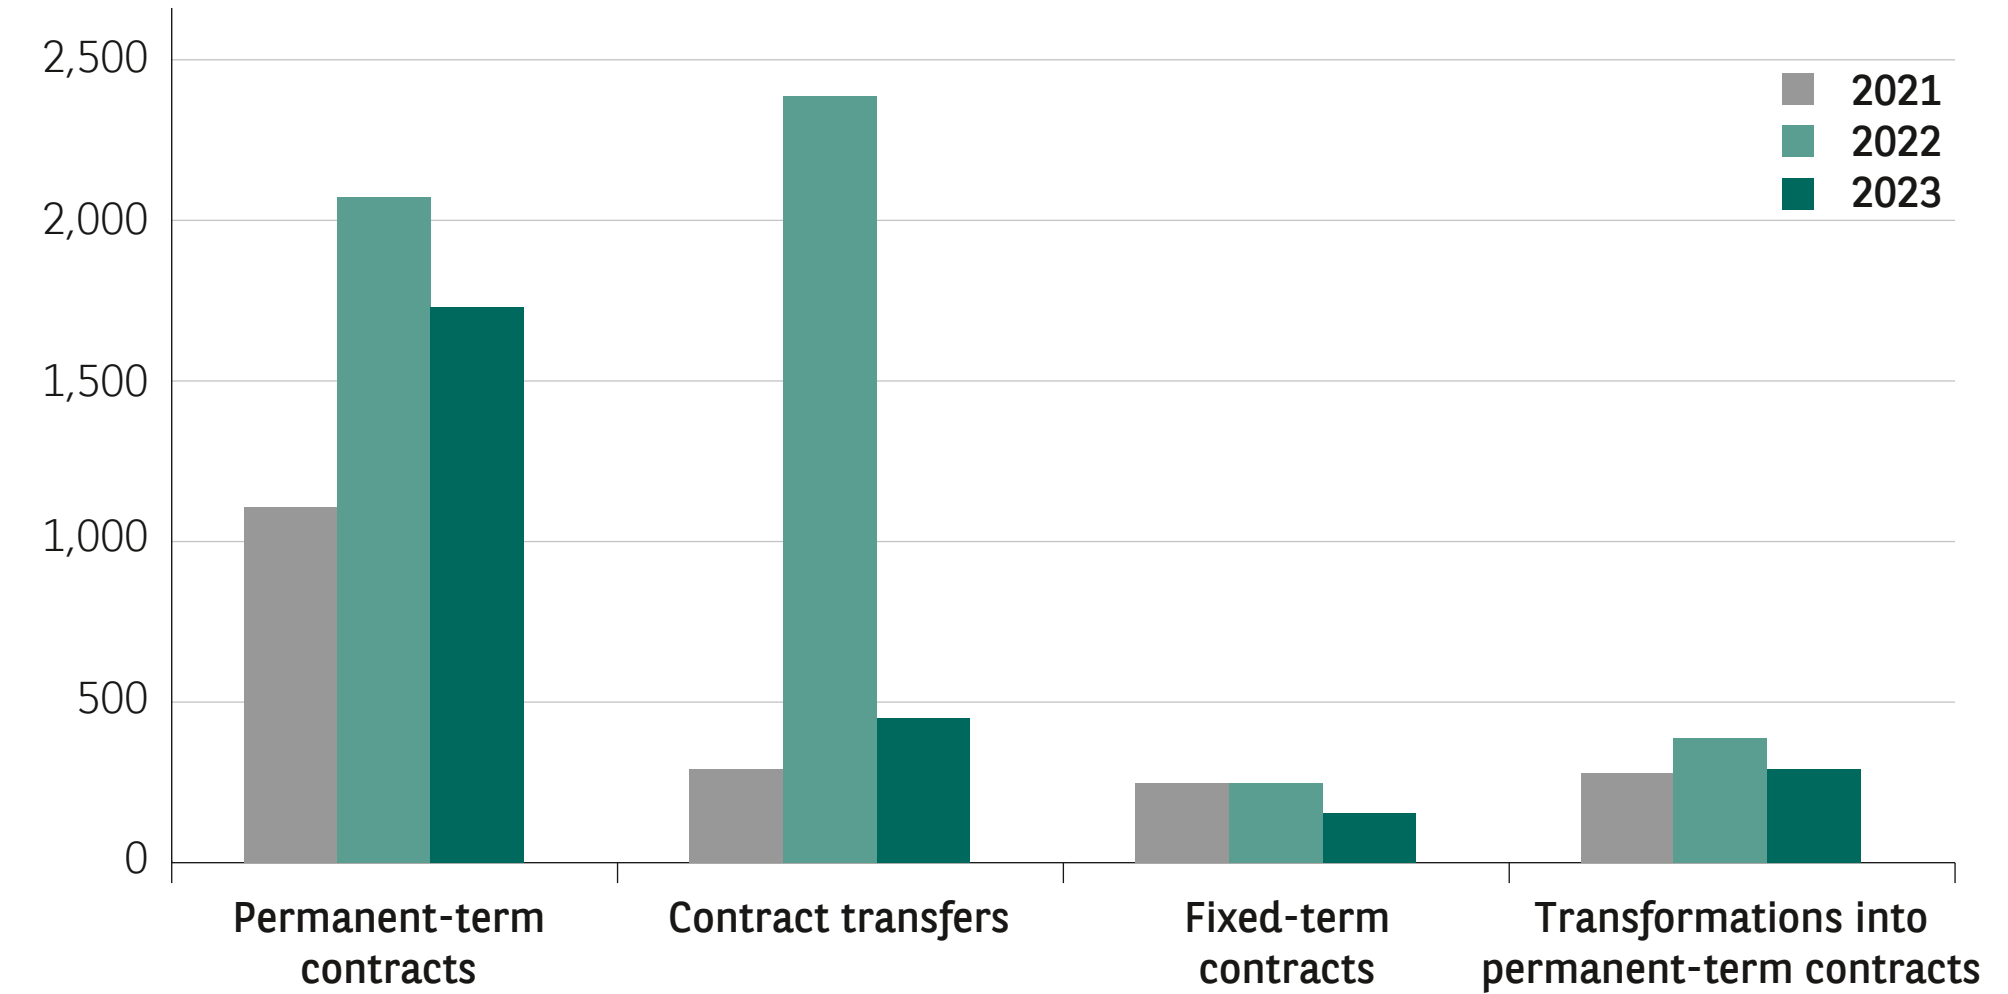

Attentive to the way in which interns are welcomed and integrated into their host company, the business lines have structured their support through a number of actions, including the distribution of welcome booklets, the organization of presentation sessions, and support from an internship supervisor or contact employee depending on the duration of the internship.

415-C – EXISTENCE OF DIFFERENT WAYS OF ORGANIZING WORK

■ Existence of different ways of organizing work to facilitate the relationship between employees’ family and professional lives:

- **PART TIME:** the principal solutions offered are 50%, 60%, 80% and 90% of full-time employment. The organization of the working hours can be on a daily, weekly or annual basis.
- **FLEXIBLE WORKING HOURS:** flexible working hours enable employees to manage their time in a way that strikes a better balance between their professional duties and private lives. This is achieved by allowing employees subject to collective work schedules to choose when they begin and when they end their working day provided, however, they respect a core period when they must be present at work. Compensatory time credit may also be provided for later use during the calendar year in question.
- **FLEXITIME:** A customised system of procuring time that allows employees to acquire and use unpaid supplementary vacation days over the course of the calendar year. Open to all collaborators having at least one year of seniority without having reduced activity of more than 50% (agreement of January 16, 2019).
- **THE RIGHT TO TAKE LEAVE OF ABSENCE TO TAKE CARE OF A SICK CHILD:** an authorisation of paid leave within the scope of one or several sick children less than 15 years old is granted to the mother or father, regardless of seniority. BNP Paribas grants 3 additional days to the 3 days per sliding 12-month period allowed by the Collective Agreement governing the banking industry, and extends the age of the child (or children) from 14 to 15 years. In addition, an allocation of days is available for employees whose spouse or child is ill.

■ Local services:

- **COMPANY PARTICIPATION IN EARLY CHILDHOOD CARE:** the maximum daily allowance for childcare costs that can be granted for all children up to the age of 10 is raised to €5.70 for 2022.
- **FAMILY TAX CREDIT:** the expenses incurred by the company are well above the ceiling for tax deductions.

A professional interview is a mandatory periodic interview introduced by the law of March 5, 2014. Its purpose is to have a review of past and future professional evolution with an employee, and go over their needs for professional trainings.

Two professional interviews must be organised in advance of a professional summary review that takes place every 6 years. A professional interview is also held after returning from certain absences listed by the law (authorised leaves: maternity, parental education, sabbatical, family support, voluntary secured mobility).

The EP and EPR are counted from April N to march N+1 in order to follow the assessment campaign.
