DOCUMENTS DEEMED TO BE INCORPORATED BY REFERENCE

The following additional document shall be deemed incorporated by reference in the Prospectus and shall constitute a Document Incorporated by Reference (as such term is defined in the Prospectus): the English version of the second amendment to the BNPP 2025 Universal Registration Document (*deuxième amendement au document d'enregistrement universel au 31 décembre 2025*), published by the Bank and filed with the AMF on August 5, 2026 under number D.26-0113-A02.

Notwithstanding the foregoing, the following statements shall not be deemed incorporated herein or in the Prospectus:

CAPITALIZATION

The following table sets forth the consolidated capitalization and medium- to long-term indebtedness (i.e., of which the unexpired term to maturity is more than one year) of the Group as at June 30, 2026 and December 31, 2025, using the Group's prudential scope of consolidation.

The "prudential scope of consolidation", as defined in EU Regulation No. 575/2013 on capital requirements for credit institutions and investment firms, is used by the Group in the preparation of its "Pillar 3" disclosure set out in Chapter 5 of the BNPP 2025 Universal Registration Document. It differs from the "accounting scope of consolidation" used by the Group in the preparation of its consolidated financial statements under IFRS as adopted by the European Union. The principal differences between the two scopes of consolidation are summarized in Note 1 to the table below.

Except as set forth in this section, there has been no material change in the capitalization of the Group since June 30, 2026, it being noted that the Group issues medium- to long-term debt on a continual basis as part of its funding plan.

For the avoidance of doubt, the figures in the table below are derived from the Group's unaudited condensed consolidated interim financial statements as of and for the six months ended June 30, 2026 and the Group's audited consolidated financial statements as of and for the year ended December 31, 2025 (which do not include prudential deductions) and are used for the purposes of the Group's prudential capital calculations.

(1) Presented under the prudential scope of consolidation. The principal differences from the accounting scope of consolidation are the following: (i) insurance companies (primarily BNP Paribas Cardif and its insurance subsidiaries) that are fully consolidated within the accounting scope are consolidated under the equity method in the prudential scope; and (ii) jointly controlled entities (mainly UCI Group entities) are consolidated under the equity method in the accounting scope and under the proportional consolidation method in the prudential scope.

(2) All medium- and long-term senior preferred debt of the Issuer ranks equally with deposits and senior to the category of senior non preferred debt first issued by the Issuer in January 2017. The subordinated debt of the Issuer is subordinated to all of its senior debt (including both senior preferred and senior non preferred debt). The Issuer and its subsidiaries issue medium- to long-term debt on a continuous basis, particularly through offers to the public exempted from the obligation to publish a prospectus (ex-private placements) in France and abroad.

Euro against foreign currency as at June 30, 2026, CAD = 1.622, GBP = 0.862, CHF = 0.923, HKD = 8.958, JPY = 185.716, USD = 1.142, CNY = 7.750.

(3) At June 30, 2026, subordinated debt included in particular (i) EUR 17 billion of redeemable subordinated debt at amortized cost (primarily loss-absorbing debt instruments qualifying as tier 2 capital); (ii) EUR 258 million of undated floating-rate subordinated notes (TSDIs) issued in 1984-1985 and EUR 7,655 million of contingent convertible additional tier 1 securities issued since 2023 and classified as a financial liability in IFRS and as an additional tier 1 instrument in own funds; (iii) EUR 228 million of undated participating subordinated notes issued by BNP SA in 1984; and (iv) EUR 799 million of Convertible And Subordinated Hybrid Equity-linked Securities (CASHES) issued by Fortis Bank SA/NV (now acting in Belgium under the commercial name BNP Paribas Fortis) that are undated but may be exchanged for Ageas (previously Fortis SA/NV) shares at the holder's sole discretion, subject also to certain automatic exchange conditions. Such amount includes CNY 905 million of tier 2 notes, which were called on July 7, 2026.

(4) Consists of numerous issuances by BNP Paribas in various currencies (i) over the 2005-2009 period of undated deeply subordinated non-cumulative notes and (ii) since 2015, of perpetual fixed rate resettable additional tier 1 notes that qualify (or qualified at issuance) as additional tier 1 capital. The details of the debt instruments recognized as capital, as well as their characteristics, as required by Implementing Regulation No. 1423/2013, are available in the BNP Paribas Debt section of the Issuer's investor relations website at www.invest.bnpparibas/en.

(5) At June 30, 2026, the Issuer's share capital stood at EUR 2,203,201,214, divided into 1,101,600,607 shares with a par value of EUR 2 each.

TAXATION

The second paragraph of section “Taxation – French Taxation – French Taxation Considerations Relating to the Notes” in the Prospectus is deleted and replaced in its entirety as follows:

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues on the Notes will not be deductible from the Issuer’s taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State (the “**Deductibility Exclusion**”). The above-mentioned law which amended the Non-Cooperative State list as described above, expands this regime to all the states and jurisdictions included on the blacklist published by the Council of the European Union as amended from time to time. Under certain conditions, any such non-deductible interest and other revenues may be recharacterized as constructive dividends pursuant to Articles 109 et seq. of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the same Code, at a rate of (i) 25% for beneficial owners of the payments who are non-French tax resident legal persons, (ii) 12.8% for beneficial owners of the payments who are non-French tax resident individuals, in each case (x) unless payments are made in Non-Cooperative States other than those mentioned in 2° of 2 bis of Article 238-0 A of the French *Code général des impôts* (which include states and jurisdictions included on the blacklist published by the Council of the European Union as amended from time to time subject to certain limitations for the application of the withholding tax set forth in Article 119 bis 2 of the French *Code général des impôts*) in which case the withholding tax rate would be equal to 75% and (y) subject to certain exceptions (certain of which are set forth below) and, to more favorable provisions of any applicable double tax treaties.
